

# MORNING ANNOUNCEMENTS

WEDNESDAY, APRIL 23RD

# BT ECO CLUB

BT Eco Club is calling staff and students to bring in milk bags for a community initiative. Specifically, we are asking for the outside plastic bag that contains the three interior milk bags. They can be any colour and preferably rinsed out if possible. These will then be weaved together to create mattresses for those in need. The mats will be donated to the DeMazenod Door in Hamilton, a soup kitchen that aids disadvantaged individuals in the region. The bags will be collected in a labelled box located outside the attendance office. We encourage you to help create change in your community with this one simple act. Thank you!"

# RANKIN CANCER WALK

---

Attention Blessed Trinity Students who are looking to participate in the Rankin Cancer Walk. The link to donate is now live on your NCVLE and will remain open until May 23rd. You must donate by May 5th to receive a t-shirt. If you are participating in this event, you will also need to fill out a permission form beforehand, come to the staff room before school, Period 1, or late lunch to get one. Please consider donating money for this amazing cause that as a community we have supported for so many years!

# BOYS BASEBALL

---

Boys Baseball practice today at 2:30pm on the turf. If you can't attend, speak to one of the baseball coaches.

# JR BOYS SOCCER

---

Thank you to everyone who came out for the junior boys soccer team. The final roster has been posted outside of room 129. There will be a team meeting today at the start of lunch in room 129.

# CHess TOURNAMENT

---

Attention all chess players. Our upcoming tournament at St. Mike's High School is May 1 at St. Mike's High School. Please pick up a permission form during today's practice at lunch in room 204.

# SCIENCE OLYMPICS

---

Attention all students from Grades 9 through 11! On May 13th the Science Department will be holding the much-anticipated Blessed Trinity Science Olympics during Periods 1 and 2.

To participate – you must register a team of 4 students, come up with a creative team name and be ready to compete in 6 hands-on, mind-twisting activities for the opportunity to be crowned the Blessed Trinity Science Olympic Champions.

Pick up a Registration Form from any of the science classrooms and bring in your completed form and payment to Mrs. D. Lavigne in Room 109 by May 2nd. Space is limited, so hurry and don't miss out!

# PHYSICS STUDENTS

Attention all Physics students! It's time to put your knowledge into motion and experience physics like never before! We're taking a trip to Canada's Wonderland, where Newton, energy, and circular motion come to life faster than you can say "centripetal!". Whether you're calculating g-forces on the Leviathan or exploring energy transformations on Yukon Striker, you'll be riding the line between thrills and theory! Don't miss this gravitationally attractive opportunity. Please scan the QR code outside of Mr. Lostracco's Physics Room if you are interested in attending.

# CAFETERIA

---

On the menu today...

Chicken Drumsticks with Fries

Or

Pulled Pork on a Bun
