VARSITY BOYS LACROSSE

Yesterday the varsity boys lacrosse team had a very promising outing on the home turf.

In the first game against the raiders, the boys showed flashes of greatness on offence, solid defence with Adam Pereira squashing opposing attackmen like ants, and Brady Lundrigan putting on a goalie clinic. Unfortunately the boys came up just shy of a victory.

Carrying the momentum into the second game, the boys went up by 2 goals and never looked back. The team played a solid game together with everyone working hard to come out with a 10-5 victory against the Irish.

The boys have the first playoff game at ND next Wednesday.

GIRLS LACROSSE

A reminder to the girl's lacrosse team there is a practice today after school on the field.

The girls lacrosse team had their final regular season game Tuesday, where they beat Notre Dame 13-6. Goals were scored by Aubrey, Brynn, Isla, Frances, Lita, Molly, Maria, and Olivia. Awesome goaltending was displayed by both Maddie and Brynn. The girls play for the NCAA championship title Tuesday May 21 at home. Way to go BT!

BT TRACK & FIELD

The BT Track and Field Team consisting of 28 members had a great day at Zone yesterday with almost all members moving on to SOSSA. Our new track really paid off as there were numerous medal finishes on the track. Special mention to the Novice girls team who captured second and senior boys team who captured first place as teams. Quinn Wilson dominated with 4 gold medals, Isla Hart captured 3 gold medals, Teagan Fraser took home 3 medals, the senior boys took 3 spots in the 800m led by Aden Henriks and the Bays twins captured medals in the distance runs. The junior girls relay team of Quinn, Mila, Teagan, and Isla flew down the track to take gold. The field saw impressive efforts with Autumn Milko taking a silver in long jump, Mila Furbacher a gold in long jump, Mico Penich jumping his way to a gold in triple jump and a silver in high jump, and Brogan Barton was a force with a gold in shot put and discus. So many athletes had personal bests and picked up individual hardware. Great job team.
